Master's degree in International Business

University of Kocaeli

2012-2015 // Kocaeli, Turkey

Industrial Engineer

Student's exchange - 1 year in Romania

Skills

Programming languages

- JavaScript (ES6)
- TypeScript/GraphQL
- HTML/CSS/Sass

Libraries & Framework

- Vue /React/Angular/Svelte
- Node.js/Express
- Nuxt/Next/Vuex/Redux
- D3.js/OpenStreetMap
- Gsap
- Jest/Cypress

Tools & Platforms

- Git, Webpack,
- Docker/Azure DevOps
- Netlify/Heroku/Vercel/Firebase
- JIRA

Projects

[movie-app](#)

This responsive single page app gets and presents movies and lets users search movies and its detailed information.

It is created by using React and TMDB databases.

[fullstack-image-app](#)

This app gets image data by using Node.js from GIPHY API (gifs) and PIXABAY API (images) and renders them by using React.js. It's designed with mobile first approach.

[travel-app](#)

This is a travel logging application that shows the locations I have been travelling or live. It is designed and developed by using React, Mapbox and Node.js.

[birds-life](#)

This simple single page is designed and developed by using Vanilla.js and gsap. The main focus here is to practice using gsap.
